WALKER SAYS THERE
IS DISSATISFACTION

Clerks and Stenographers to
Receive Minimum of \$70
After Six Months.

A meeting of the specially appointed committee composed of the various employers who are chairman of the standing committees was called for this morning at 10:30 o'clock. Aldermen East, Campbell and Clarke were present. Aldermen Driscoll being absent. Aldermen Campbell was selected to occupy the chair.

City assessor Walker was present and asked to address the meeting, as the city commissioners had turned down his recommendations for increases in the majority of cases.

"I do not feel," he stated, "that some of my men are receiving justice when their salaries are compared with some in other departments. It is a scandal, I think, when the responsibility is confined. The turning down of the increases has caused a great deal of dissatisfaction among members of my department, coming first in the alphabetical order was considered first and got the worst deal. The commissions cut out some and reduced a number of others and would give any reason when I asked them. There has been \$300,000 in cash and checks taken in over the counter, in one day by my employees who are receiving between \$15 and \$45 a month, while the cashier, in the city treasurer's department, who does not handle as large a number of collections over the counter gets \$125 per month."

Year of Retrenchment

Alderman East stated that he did not believe any of the salary increases were too high but it was a year of retrenchment and he felt that if the increases were granted there would be a good deal of criticism.

He went on to the respective ability of all the employees in his department, but I am opposed to all the increases purely for matters of economy. The city treasurer's department, the matter lay over owing to the necessity for retrenchment. The motion was not put as it was not seconded.

It was decided upon motion of Aldermen Clarke to recommend to the committee that in view of the financial situation of the city, the matter lay over owing to the necessity for retrenchment. The motion was not put as it was not seconded.

TO TRAVEL NORTHERN WILDS FOR KILLERS

Radford and Street

Regina, Sask., May 18.—Inspector Deyles of the R.N.W.M.P. force here has been given three years commission to go to the northern part of Hudson's Bay and find the murderers of Radford and Street, two explorers, who were believed to have been killed by Eskimos two years ago.

Deyles will go to Chesterfield Inlet, the farthest point on the north coast of Baffin Island, where white men, and from there travel thousands of miles through the interior of the north, and one of the most dangerous and trying ever undertaken by an officer of the mounted police, before he can reach the Eskimo savages who are believed to have killed the two explorers.

POLITICAL RELATIONS MAKING THEMSELVES FELT IN SOCIAL LIFE

London, May 18.—Political rivalry is influencing social life for the first time in many years. It develops that there was a political boycott of the great Curzon given to introduce a lovely debutante.

Many leaders of the conservative party, such as Arthur Balfour and Bonar Law, were at the single ball, but, although invited, not a single member of the government was present. The reason was that word was sent to them to keep away from the ball, Lord Curzon or Balfour being a Tory.

Two More Killed.

Haberstadt, Prussia, May 18.—A fatal military aeroplane accident occurred here yesterday morning. Lieut. Wierand and Tollinger were fatally killed while attempting a landing at the aerodrome. The motor was shut off and, making too sharp an angle, the monoplane capsized and dropped 2,000 feet.

AMERICANS DEFEAT MEXICAN FORCES ON BLOODLESS FIELD

Vern Crut, May 18.—Americans and Mexicans in friendly battle on the baseball field here yesterday afternoon and the nine of the fourth infantry defeated the Mexican team by a score of 10 to 0.

The Mexican team was crowded with well uniformed navy, and Khaki-clad army officers and a large number of the Mexican population. Roof tops from the city were crowded with people to watch the game. The American team, in a four inning game, by a score of 10 to 0.

PREPARING TO RETURN

Ottawa, May 18.—Hon. Frank Cochrane, minister of railways, who has been absent for the last two months on a Mediterranean cruise for his health, arrived back in Ottawa last night. Mr. Cochrane is stated to be greatly improved in health as a result of the holiday.

British Admiral Dies

London, May 18.—Admiral Sir Charles Charter Drury died here today, aged 61. He was born at Holford, New Brunswick and entered the British Navy in 1819. From 1862 to 1868, he was second sea lord of the admiralty.

BUYING SHARES

DRILL INVESTORS
TAKE CAUTION

Provincial Secretary's Office
Will Supply Facts About
Companies.

AGENTS ARE BUSY IN
CITY SELLING STOCK

Shares Bought Before Pros-
pectus Has Been Issued
May Be Reputated.

Agents of Calgary oil companies are busy peddling shares around Edmonton. The public should be on their guard against indiscriminate buying and should take the precaution to ascertain the standing of the company before buying.

Deputy Provincial Treasurer E. Crowbridge, stated today that his department was prepared to furnish intending investors with particulars as to the standing of oil companies. The department is always ready to perform this service for the public, although judging by the number of inquiries that are made, the fact is not generally known to the investing public.

Before a company can offer shares for sale a copy of the prospectus must be filed with the provincial registrar of joint stock companies. These prospectuses must be signed by every director of the company and there is a heavy penalty for fraudulent statements.

A good deal of information about the standing and operations of the better concerns now doing business in connection with the Calgary oil strike is being filed in the registrar's office and before investing their money Edmonton people will do well to take advantage of the information that can be afforded by the department.

Shares bought before a prospectus is issued may be reputated as being shares which are contemplating doing business.

New companies are still being formed in Calgary and in the present stage of excitement there is a possibility of irregularities taking place.

FIVE DROWNED WHEN LAUNCH OVERTURNS ON THE MISSISSIPPI

Minneapolis, May 18.—Five persons were drowned by the capsizing of an overloaded 16-foot launch on the Mississippi river at thirty-third avenue northeast yesterday.

Four more were rescued from three floating rafts in midstream, onto which they had crawled after half an hour in the water whose current carried the launch overboard. A too short time in a giant eddy overturned the heavily loaded launch as if it were a canoe.

John C. Buchels, who drove the launch kept his wife and sisters' daughter floating in the water. Two children were drowned. Fred Weber, of Merrill, Wis., struggled to save Miss Otto and failed. She and two of her sisters were drowned. Weber reached a cluster of logs to which he and child were taken on the log and boat. Otto's husband was away fishing and late last night learned of the accident that wiped out three of his family of four.

FAMOUS JEWEL ROBBERY CLEARED UP BY POLICE

Edmonton Lady Has Diamond Ring Is Taken by Notorious Criminal.

THOUSANDS OF DOLLARS WORTH OF GEMS STOLEN

People of This City at Scene of Famous Busch Robbery at Long Beach.

That the arm of the law is long and far-reaching and that even Edmontonians wintering in southern climes are sometimes numbered among the victims of notorious criminals are facts that have come to light through a recent happening at Long Beach, California.

Some few weeks ago, scare heads on most of the American newspapers announced the fact that Mrs. Busch, standing and Adolphus Busch, multi-millionaire of St. Louis and Los Angeles, had, along with others been robbed of jewelry to the amount of the amount of several thousand dollars, while staying at the Maryland Apartments in Long Beach. This fact was noted and read by people all over the country, and the criminal or criminals had apparently evaded the law.

It has just come to light that an Edmonton lady was also a victim of the same robbery to the extent of one diamond ring value \$100. P. McNaughton former superintendent at the power plant, accompanied by his wife, last winter toured through Florida and California, and while in the latter sunny state, were registered at the Maryland Apartments, Long Beach, at the time the robbery took place. The thieves ransacked four or five suites of the famous summer resort and got away with a lot of valuables, among them, the diamond ring belonging to Mrs. McNaughton. Luckily, however, they failed to discover a \$275 necklace which was lying close to the ring. Trunks, suitcases and furniture were ransacked by the thieves and several of the suites in their endeavor to locate jewelry and valuables. Across the hall from Mrs. McNaughton's suite was a suite occupied by Mr. and Mrs. James Ramsey of this city; but their rooms were untouched.

The ring and valuables were given up for lost, until the other day word was received by Mr. McNaughton that the police had broken the case and had been successful in not only running the criminal to earth, but had located some of the stolen valuables in pawn-shops in San Francisco, among them the diamond ring. The criminal, when caught, confessed, and well known to the police as a man who has been engaged in several big robberies of late. The ring had been sold to the pawn-broker for \$15, and Mrs. McNaughton was advised that it might be secured by the sending of that amount to them, which will be done at once.

LAWYERS ADVISE WEALTHY RANCHER SETTLE TAX BILL

Was Disposed to Dispute Right of School Districts to Tax Leaseholder.

VEXED QUESTION IN RURAL SCHOOL AREAS

Acting Deputy Attorney General Hunt Advises Bringing of Test Case.

School taxes are chargeable on land leased for ranching purposes. A number of school districts have been failing to collect taxes from ranchers who held leased land, claiming that as they were not the owners they were exempt from the payment of taxes. For some time the question has been vexed one between ranchers and school trustees.

Shortly after taking office as acting deputy attorney general, J. D. Hunt advised a certain school district to proceed against a rancher who refused to pay his taxes. Mr. Hunt promising that the department would stand behind the school district in regard to the expense of taking up a test case.

The rancher, a wealthy man, took the matter to Louche and Bennett, the well known Calgary legal firm. This firm of lawyers had had the matter under consideration for some time and have just advised their client that he had better pay the taxes as he was not likely to win out if he takes the case into court.

While a decision in court would have been more effective in drawing attention to the right of school trustees to collect school taxes from leaseholders the fact that one of the most important legal firms in the province has taken the case into court on behalf of a wealthy rancher who is disposed to fight the matter is a bold and conclusive and salutary remedy to the vexed question of the rates of the school districts in the matter.

DROPPED 2,500 FEET FROM AEROPLANE IN HUSBAND'S PARACHUTE

Never, France, May 18.—In order to show her confidence in an automobile detachable parachute invented by her husband, a young woman, Mme. Cayat de Castelli, dropped 2,500 feet from an aeroplane today. She landed gently in the grass and an enthusiastic crowd carried her shoulder high from the field.

PREDICTS C.N.R. WILL COME BACK FOR MORE MONEY

Forty-five Millions Not More Than Half Enough, Says Wm. German, M.P.

MAINTAINS NO REAL INQUIRY HAS BEEN MADE

Statements of Mackenzie and Mann Accepted Implicitly by Government.

Ottawa, May 18.—In the house today the debate on the Canadian Northern railway resolutions was resumed by William M. German, of Wexford, who said that when the fifteen millions was asked for last year, he made the prediction that this amount would be only a drop in the Canadian Northern railway bucket. He now ventured that this forty-five millions would not be enough to bring the Canadian Northern railway to the standard of the national transcontinental railway in two or three years. Mackenzie and Mann would be back in Ottawa and their strongest argument then would be that the government had become a partner in the enterprise.

Mr. German maintained that no real investigation had been made into the standing of the Canadian Northern railway last session. The statements of Mackenzie and Mann on the matter were then accepted by the government, he said. They had been accepted again this session. It was necessary in the public interest that there should be a real investigation to ascertain just how much the forty-five millions would go toward the completion of the enterprise.

WIRE RECEIVED FROM PREMIER R. L. BORDEN

Threat to Issue Call Tonight to 10,000 Unemployed in Province.

Wires were received from Acting Premier Charles Stewart and at the city offices this morning from Premier Borden. The wire from Premier Borden stated that Mr. Stewart's wire had been submitted to the minister of labor for immediate attention and added "We shall, of course, make every reasonable effort to find work for the unemployed." The three wires were received at the city council's representations as to the matter had been placed before such departments of the government as employ labor to a considerable extent.

Several offers of property for the growing of vegetables by the unemployed have been received by the welfare league.

J. W. Stewart Rowan, stated today that nothing satisfactory to relieve the unemployed situation in the city the number of unemployed persons has been brought down to 10,000. He is still parading the city to keep their heads above the water.

The threat was made by the Secretary Rowan that if the committee of the council appointed to deal with the matter has nothing satisfactory to offer tonight they will at once issue the call to all the unemployed men in the province, estimated to be about 10,000, to come to Edmonton.

When asked how many had made use of the offer, of the Alberta & Great Westways and Edmonton Dugan lines to take all men who were residents of Alberta and really in need of work, Secretary Rowan said that that was the first he had heard of the offer, but wanted to know how much the railways would pay.

AIKINS EMPHATICALLY DENIES THE CHARGE MADE BY CARRICK

Ottawa, May 18.—A. M. Aikins, M. P., Brandon, gave a most emphatic denial in the house this morning to the charge made by S. J. Carrick (Thunder Bay and Itany River) in the course of his speech on the Canadian Northern railway proposals on Friday afternoon. Mr. Carrick charged that when the Canadian Northern railway plans were brought down Mr. Aikins left for parts unknown.

"The statement is absolutely false," said Mr. Aikins in the house. "It is equally ally, but nevertheless calculated to do mischief. This house is a deliberative assembly in which every member of parliament is supposed to speak with truth and soberness. The statement just made by the member for Thunder Bay is devoid in both."

WILL BRING TIME FOR GOVERNMENT OPERATION CLOSER

Board of Trade Secretary Points Out Inequality of Roads' Earning Power.

MINIMUM FOR C.P.R. WOULD KILL OTHERS

Eastern Rates on Wheat Might Bring Farmer Thirty Cents a Bushel.

"The decision, I believe, will have a tendency to bring the railroads of the dominion under government operation," said P. T. Fisher of the Edmonton board of trade this morning, in speaking on the recent finding of the railway commission in the now famous western freight rates case.

Mr. Fisher was shown a copy of the Winnipeg Free Press of May 18, containing a report of a meeting of the Winnipeg board of trade, which unanimously passed a resolution to the effect that no justice would ever be given to the west in the matter of freight rates as long as the same loads did not obtain the same freight rates in the east as the west; that is, as long as it was considered the proper thing to allow rates to be higher in the west than the east as a general principle.

Disappointed at Ruling

J. H. Ashdown, who is considered one of the best informed men on the question of freight rates in western Canada, spoke at the Winnipeg meeting and brought in a resolution. The Free Press report reads in part as follows:

Mr. Ashdown said that he was very disappointed with the decision of the commission on freight rates. They did not feel that the railway commission was the proper authority to deal with this question at all, but that it ought to be settled by dominion legislation so that there would be equality of rates throughout the country. But the government did not see fit to deal with it and handed over the matter to the commission. Their counsel had done splendid work in putting the western case before the commission, and had been ably seconded by Mr. Cowan, so that when the decision came it was a complete disappointment to them. The decision was not based upon the evidence given, and the consequence was the result they had got.

"We have not got justice. We have got scraps. We are told that the decision is not American in character. I most emphatically protest against our position being called an extreme. We have proved the right on our position, and the American position exist we ought to have rates lower even than those in the east. This question has been judged by men without a fair disposition toward the west."

Mr. Ashdown had shown that the only thing that could justify a higher rate in the west was a lower density of traffic than in the east. Mr. Ashdown, and he had demonstrated before the commission that there was neither one factor nor the other in the case. Mackenzie and Mann would not shown any justification for higher rates in the west. But the commission had set aside the west's case, and had not dealt with the question on its merits. We ask and shall continue to ask that no matter what the rates are in the east they shall be the same in the west. And neither Mr. Drayton nor

STATE DEPARTMENT SENDS IMPERATIVE ORDERS TO MEXICO

Washington, D.C., May 18.—That officials of the Mexican government believe that the American minister in Mexico City, was killed, is indicated in a dispatch received at the state department from the Brazilian minister in Mexico City today. He says the Mexican minister for foreign affairs had sent him a telegram in which he asked the Mexican minister for foreign affairs to be killed. The foreign official said, "I am not a member of the state department, but I am a member of the state department."

General Querales' late threat to destroy the windmills supplying water to cattle on American-owned ranches required by an imperative demand from the state department that they be protected. Consul also reported that General Querales had ordered an investigation of the reported seizure of bullion belonging to the Bacsa Gold and Silver Mining company, near Durango.

GREAT BRITAIN EXPECTS TO LOSE IN FIGHT

Fatherland Naval Officer Also Declares that Japan is Only a Make-believe Friend and Ally and Would Seize Both Australia and New Zealand From the British.

Berlin, May 18.—In the agitation of the navy league for a larger German navy, Admiral Boushing has been making throughout the country a series of speeches in which an Anglo-German war is the chief feature. He says: "History tells us the week have always been crushed by the strong. The United States beat Spain and Great Britain measured the fleets and humiliated France in the days of the Pacific. This is an excellent object lesson to us Germans. We know today that our duty to our fatherland is clear if we do not want to become vassals of Great Britain. This has been known for the last 20 years and the truth has become clear to German minds every day."

Then Admiral Boushing pictures the coming war, depicting the bombardment of an English fleet by the British fleet far from a supply base, while a German fleet awaits the English to fight in the imperial waters. He continues:

"Our situation is most favorable, and our torpedoes cannot fail to cause the enormous damage to the British ships if used in night attacks. The enemy will face great difficulties to provide

WELL-KNOWN LEDUC CITIZEN HAS BOTH LEGS AMPUTATED

Both legs amputated, one below the knee and the other at the ankle, was the condition which was performed on John Butchart of Leduc, who had both his limbs crushed while trying to board a moving train at that town on Saturday night. The northbound train was delayed for 30 minutes while Dr. Trevellick of Leduc attended the injured man and placed him on the train to be brought to the Edmonton hospital. Mr. Butchart is a well-known resident of Leduc.

PUBLIC IS INVITED TO OFFICIAL OPENING KING EDWARD SCHOOL

On Tuesday evening, May 19, the public school will formally open the new King Edward school, Edmonton. A general invitation is extended to the public to be present at this ceremony. Hon. J. R. Boyle, minister of education, and Rev. Dr. D. G. McQueen, who was one of the first inspectors in the Edmonton district to inspect the school, will be present. Numbers will be provided and an opportunity will be given to inspect the building.

WILD STORY HEARD, SUPPOSEDLY MURDERED WOMAN STILL ALIVE

Vancouver, May 18.—A strange story emanates from Chinatown in connection with the murder charge against Fook Kong, the chief of which will be commenced tomorrow morning at the assizes. The tale as told to Deputy Chief of Police McMillan and Detective Inspector Jackson is that Mrs. Millard, who is stated to have been murdered and her body buried in the furnace of her home, is alive and that she will be produced in court tomorrow. In view of the fact that human remains in the shape of bones were found in the furnace, the police are skeptical of the statement and say that some mysterious motive is behind the whole thing which they cannot definitely say.

A sharp debate on the government's proposals in regard to the Farmer's union is expected to be held tomorrow, but it is not expected to last more than one day.

Vancouver, May 18.—The condition of Emperor Francis Joseph was adversely affected yesterday by the cold and wet weather. His sleep was disturbed by his cough.

HERA NECESSARY TO SETTLE PEACE NEGOTIATIONS

Washington, D. C., May 18.—General Huerta has authorized the Mexican delegates to submit his resignation, in case such a course is found necessary in a settlement of peace negotiations. This was stated positively in despatches today from thoroughly competent diplomatic source in Mexico City, to one of the foreign representatives here and confirms intimations given by friends of the delegates here yesterday.

According to this information from Mexico, General Huerta first authorized the delegates to discuss only the question of the Tampico conflict leading to the American occupation of Vera Cruz. Later the Mexican dictator, it is explained, came to recognize the necessity of a broader settlement and then conveyed to the delegates assurance that he was prepared to step down should this course be found necessary by them. The problem causing chief concern to the delegates is that of the form of administration to be established during the interim before a constitutionally elected president could assume office. No intimations concerning the name of a possible successor to Huerta are contained in the dispatch, this subject being one in which

"TIZ" FOR TIRED, HOT, SORE FEET

"TIZ" for puffed-up, chafed, sweaty, calloused feet and corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sweaty and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "TIZ" from the drug store now and gladden your tortured feet?

"TIZ" makes your feet glow with comfort, takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "TIZ" instantly stops pain in corns, callouses and bunions. "TIZ" is glorious for tired sweaty, smelly feet. No more shoe tightness—no more foot torture.

VICTORIA PARK IS DEAL SPOT FOR OUTING PARTIES

Parks Department Has Arranged Wooded Portion of Links for Picnics.

RUSTIC BENCHES, TABLES AND SERPENTINE WALKS Will Accommodate Two or Three Thousand People Under Trees.

Victoria park, formerly known as Golf Links park, has now been fitted up in such a manner that any parties desiring to hold family, Sunday school, or outing parties thereon can do so with great convenience. Some thirty acres or more of the park property, in which the trees grow, have been underplanted, and rustic benches and tables left. These grounds will hold anywhere from 2,000 to 2,500 people. The roadways have been brushed out, and the old rabbit-trails have been made possible for those desiring to walk through the park amongst the trees. The old road along the river bank has been widened, and two small trails have been cut out along the river bank itself, and have been supplied with rustic benches, picnic benches etc. There is no need now for the Sunday schools of Edmonton to seek any outside rendezvous for their parties.

On the 25th of May, which will be a public holiday, and Empire Day, sports will be held on these grounds under the auspices of the daughters of the Empire. The City of Edmonton will supply the band music in the afternoon. One or two Sunday schools have intimated already that they will hold picnics on the grounds, and it is expected by the Parks Department that many private picnics will be held. No nice place for an outing can be given the children than a family picnic on Victoria Park.

It might be pointed out, however, that the approach to the grounds being so steep, is not any too safe for those using autos and rigs, and in case of rain a man driving an auto might have difficulty in getting up the hill again. It would be safer to make such arrangements that the passengers would be let out at the top of the hill, either at Saskatchewan avenue, fourth or sixth streets.

ALBERTA SHRINERS PAY RESPECTS TO PRESIDENT WILSON

Washington, May 18.—President Wilson was today presented with a Canadian flag and with a few by a party of Shriner leaders, from Al Asher temple, Alberta, who paid their respects.

HERA NECESSARY TO SETTLE PEACE NEGOTIATIONS

Washington, D. C., May 18.—General Huerta has authorized the Mexican delegates to submit his resignation, in case such a course is found necessary in a settlement of peace negotiations. This was stated positively in despatches today from thoroughly competent diplomatic source in Mexico City, to one of the foreign representatives here and confirms intimations given by friends of the delegates here yesterday.

OIL TRADING AT CALGARY KEEPS UP TILL 2 A.M.

Stated Drill at Dingman Well Only Few Feet Into Precious Stratum.

SPECTATORS, INCLUDING ALDERMAN, BAPTIZED

Also Speculating in Leases, One Going for \$50,000—Companies Sell Out.

Calgary, May 18.—Although the directors of the Calgary Petroleum Products company have not yet fully decided on the course they will pursue at the discovery well, A. J. Kaye, president of the company, says that it is probable drilling operations will be commenced again in a short time so that the well may be sunk further into the oil bearing sands. The drillers have been pumping into the oil stratum, the drill having gone only a few feet into the formation from which the oil is coming. But it is possible that the sands may be 200 feet or so deep, and in this case it would be advisable to sink the well a few feet more at least.

It is possible that fresh developments may take place within a day or so and the directors wish to have the situation well sized up before they take further action.

In the meantime the work of taping oil out of the well will be continued. Fresh tanks will be secured if need be, and the oil will be taken charge of by C. S. Chaplin.

To drill through the oil it will be necessary to replace the rope cable with a steel cable. Mr. May, president of Dingman anticipates a strike of oil and already has the steel cable at the well.

When the directors come to a decision, this steel cable will be put into place and the drill will be worked slowly and carefully. Only a few feet a day will be drilled since the utmost care not to strike water will have to be exercised. If water were struck now it would be a serious matter, as the pressure of gas underneath, of course, would force the water up to the hole and the company would have to go to considerable expense to clear the hole out and drain this water away.

In Calgary the excitement over the oil strike is unabated. Shares in the different companies are at a premium, and those which have not withdrawn their stock from the market are doing a rushing business. There has also been some speculation in leases and one or two choice sections have already changed hands at a considerable figure.

Several companies withdrew their stock from the market when the news of the strike reached the city. But this only made business more brisk at the offices of the companies where stock was on the market.

Calgary, May 18.—Twice yesterday the Dingman well struck oil, and was a gusher. The first rush of oil occurred about noon, while the second occurred about three hours later. In each instance the phenomena lasted for about a minute. The drill house was filled with spectators on all occasions, who were drenched with the fluid. Alderman Frost was present when the first rush of oil out of the mouth of the well took place, and was one of those who received an oil baptism. The oil in the well has now risen to a depth of 250 feet, and is still bubbling keeps it from coming higher. The flow of gas has also become heavier. For thousands of people the well yesterday, and the road between the city and the scene of the discovery, were packed with automobiles. Several accidents took place, but no one was seriously injured.

Current opinion among the drilling men is that with a little more effort the flow at the Dingman well would be increased very materially, as the drill has not penetrated the oil bearing sands to any great extent.

The drill in the Monarch company's well tapped a body of wet gas at a depth of 613 feet Saturday afternoon, which increased in volume yesterday. The McDougall-Sugar drill has entered a formation not unlike that encountered in the Dingman well a month ago. It is a dark, heavy substance.

Calgary, May 18.—The trading in oil on Saturday was furious. The Heron-Elder, which property adjoins that of the Dingman well, took in over \$100,000 during the day in small amounts. The crowd was so great that a dozen policemen were detailed to keep order. Some of the low-priced companies had their entire stock subscribed for during the day. The trading continued till two o'clock Sunday morning. The Dingman stock jumped from 10 to 15 cents, and some small blocks were sold around \$100. New blocks were being put out every hour. The scenes enacted were much wilder than those occurring in the real estate boom of two years ago.

The land office did a record business Saturday, taking \$1,400,000 during the three hours it was open.

The record price was paid today for a leasehold, W. S. Heron disposing of twenty acres adjoining the Dingman property for \$50,000.

ACTIVE SUFFRAGETTE NOW BACK TO MOTHER, WILL NOT EMERSON

Jackson, Mich., May 18.—Zella Emerson, who has figured in many outbreaks in the American suffrage movement, turned to the home of her mother in this city. She refused today to continue her work in the cause of woman's rights. She was said to be in good health.

Clean—pure—healthful

WRIGLEY'S SPEARMINT

lets you smoke all day — no bad effects

It prevents throat irritations, dryness, or heartburn. The refreshing mint leaf juice offsets nicotine—keeps your throat cool and moist. Chew this delicious pastime between each smoke—you'll enjoy smoking better. Chew it afterward. Your breath will be pure. You'll have a better appetite besides!

JUDGE ORDERS LASH AND THREE YEARS FOR SCHOOL TEACHER

Weyburn, May 18.—Three years hard labor with 20 lashes was the sentence handed down by Judge Wood on Saturday in the case of Augustine De Galt, a former school teacher to the Talmage district on a combined indictment of three charges of a serious nature. The prisoner appeared before his honor in chambers on Thursday and was elected to a speedy trial, having been committed by the magistrate at the preliminary hearing. Brought in court yesterday, the court pleaded guilty on the three counts. The lashes were ordered to be given ten within ten days of entering the penitentiary, and the balance within ten days of his release.

BURDOCK BLOOD BITTERS CURED A BAD ATTACK OF ECZEMA.

All skin diseases such as Eczema, Salt Rheum, Tetter, Rash, Boils, Pimples, and Itching Skin Eruptions, are always caused by a blood impure, and it is impossible to eradicate them from the system unless you get your blood into good shape. This you can easily do without the slightest trouble by using Burdock Blood Bitters.

It drives out all the humor from the blood, and makes it pure and rich, and not only are the unsightly diseases removed, and a bright clear complexion produced, but the entire system is renovated and invigorated at the same time.

Mrs. G. A. Day, Somerville, N.B., writes: "Last spring I had a bad attack of Eczema. I tried several patent medicines as well as the medicine of a physician, but they seemed to make the disease worse. I was advised to try Burdock Blood Bitters, and I did so with the result that in two weeks the sores began to disappear. I continued to take it until I had taken three boxes, and they worked a complete cure."

TERRIBLE TALE OF SUFFERING BY SURVIVORS

Five Men of Crew of Ill-Fated
Columbian Picked Up
at Sea.

LIVED THIRTEEN DAYS
IN SMALL LIFE BOAT

Almost incredible That Such
Craft Could Have Weathered
Huge Gales.

Halifax, May 18.—After 12 days of
terrible suffering in an open boat, four
survivors of the freight steamer Columbian
were picked up in the north Atlantic by the U. S. revenue cutter
Seneca today.

Eleven others of the boat's crew
which left the Columbian when she
was burned just south of Sable Island
May 3, had succumbed to injuries and
privations and their bodies had been
thrown overboard. The death roll of the
boat freighter now stands at fifteen.

Twenty seven other members of the
crew were saved by the Cunard liner
Frankonia and the steamer Manhattan
after two days of exposure.

The survivors
The men snatched from death by
the Seneca today were the first officer,
Robert P. Rice, seaman Oscar Ben-
dall and Peter Belanger and fireman
Michael Laddington. The Seneca re-
ported that she was hastening to Hal-
fax and expected to arrive tomorrow
morning. The survivors had lived on
only a few ships biscuits and a cask
of water which had long since been
consumed. They had gone the limit of
human endurance. Hope for the
missing third boat had been abandoned
after a dozen of the "Trans-Atlantic"
threw out five days with it.

In a wide radius of the spot where the
Columbian burst into flames. That
was in the vicinity of latitude 41.19
north longitude 52.8 west. To as-
faring men it seemed impossible that
a small boat could pass through the
series of gales that have since swept
those waters, and the news that the
Seneca had picked up survivors was
received almost with incredulity here.

Dead From Exposure
Although the survivors were too
weak from their suffering to tell the
story completely, the rescue cutters
officers gathered that some of the ill-
fated who had hastily piled into the third

The Greatest Oil Strike The World Has Ever Known

So say the Experts in Speaking of the Calgary Field.
Here are News Extracts:

"The oil is almost pure gasoline and is of a bluish
color due to sediment. If allowed to settle it comes
out of the well practically a pure white gasoline."
"Shooting, 64 feet above the derricks floor."

The price of Dingman oil stock rose more than 1000
per cent over night.

Just next to the Dingman well and immediately ad-
joining it is one of the properties of the Herron-Elder
Gas and Oil Development Company, Limited. Oil in
this well is a certainty. Besides this, the company
owns 10,000 acres, its locations covering every part of the
field.

HERRON-ELDER GAS AND OIL DEVELOPMENT CO., Ltd.

Has kept its faith with the public. Before oil was struck it
it had advertised a bonus of stock with every purchase of ten
shares or more. This offer was kept open, according to its
promise until Saturday at 3 p.m. Thousands of lucky in-
vestors took advantage of it.

The Herron-Elder Company makes no more promises. At the
present time stock is selling at par, i.e. \$1.00 per share in lots
of ten shares or more. This price may be advanced at any
time without previous notice. Your order, accompanied by
remittance, will be filled at this price if the stock has not ad-
vanced before your order reaches Calgary. If the stock has
advanced, your money will be promptly refunded or applied
on stock at the advanced rate, as you may direct.

Opportunity is knocking at your door now as she has never
knocked before. Are you ready to respond? The difference
between poverty and riches is generally spent by the word
"Action." The time is Now!

The following order blank is for your convenience. Fill it in
with pencil, writing name and address plainly. Make all re-
mittance payable to

When the look of the Seneca
sailed the horizon for large on the
ice patrol, sighted the small boat
through his glasses, not a sign of life
was seen. The Seneca put on all
speed, running down to the life boat
and sent her alongside. The emaciated
survivors were transferred to the
deck of the cutter and brandy
forced between their parched lips.
As all the men were in apparent
need of hospital attention, the Seneca
was pushed under forced draft to
Halifax, the nearest port.

STRIKE OF ALL
COAL MINERS IN
OHIO IN EFFECT
Columbus, O., May 18.—Orders de-
claring a strike of all coal miners in
Ohio went out from headquarters of
the United Mine Workers of America
today. Officials began paying
strike benefits of three dollars per week
to every member.
The mines have been closed since
April 1 by orders of the operators.

Eighty summons were served by the
police in connection with the raid-
ing of the gambling house situated at
1029 First street, which was
raided by members of the morality
league early Sunday morning. The
S. Cairne is charged with being the
keeper of the gambling house and the
rest with being frequenters. The
cases are being tried this afternoon in
the police court. Among the names
of the alleged frequenters are to be
seen several which are very well known
about town also several well known
gamblers. The raid came as a great
surprise. The morality league has
only been open a few days.

Sharp at 1:10 a.m. Sunday, several of
the plain clothesmen appeared at the
gamblers, before the latter were
aware of what was really going on, and
saw all the games in full swing.

One corner a crowd of men were eagerly
watching the roulette wheel while at
the opposite end of the room a far
bank game was in progress. In another
room were seen several groups of men
who preferred to stake their money on
a "crap game" while at other tables
black jack was the big noise.

None of the paraphernalia was taken
by the officers and none of the men
present were arrested, but the money
in the tables was collected by the police
and the names of all present taken.

Among the officers engaged in the
raid were Inspector Burbeck and De-
tectives Seymour and Unruh.

SOUTH SIDE WATER
USERS CAN NOW GET
CLEAR CITY FLUID

Superintendent Turner of the city
waterworks department turned the
water into the new 12-inch watermain
across the Fifth street bridge on Sat-
urday night.

The south side, since the breaking of
the two pipe lines under the river, has
been practically without clear water.
Now the patrons will be able to drink
water from the tap without any qualms.
It will be a couple of days before the
pipes get thoroughly flushed out and
then clear water.

Work has been in progress for some
time on the pipe lines that are leak-
ing under the Saskatoon river. Owing
to the shifting nature of the bottom
it is very difficult to make such
repairs on this work and it is not
expected that they will be repaired in
a few weeks yet. However, the new
main under the bridge will relieve the
situation.

German Aviator Killed
Frankfort, On-the-Main, Germany,
May 18.—Another fatal accident oc-
curred today in connection with the
Prince Henry aviation competition
which started yesterday at Darmstadt.
Lieutenant Rohde, who was flying as a
passenger with Lieutenant Kolbe, was
killed when their monoplane was cap-
tured in a squall winging its way toward
a kite escaped with slight injuries.

Regimental Orders
Duties.—To be orderly officer for the
week ending May 23, Lieutenant H. R.
Holmes; next duty, Captain Anderson.
To be subaltern for the week end-
ing May 24, Lieutenant Sims; next duty,
Lieutenant LeCombe.
Dress, from this date on, all officers,
noncommissioned officers and men ap-
pearing in blue caps will wear white
cap covers.

Will Expell Half
MILLION MORE ON
BRAZEAU PROPERTY
After looking over the properties of
the Yellowhead Coal and Coke com-
pany, on the Brazeau branch of the
Grand Trunk Pacific, south of Edson,
and also examining other interests of
M. J. O'Brien, the multi-millionaire
mining magnate of Montreal, H. J.
Trilley, has just returned east.
At the King Edward hotel he stated
that it was practically decided to
sell about \$500,000, in addition to
what already has been invested in fur-
ther developing the O'Brien properties
in the Yellowhead district.
At present about 200 men are em-
ployed on the Brazeau branch of the
company and extensive development
has already taken place. However,
prospects for better conditions and im-
proved business in the west are such
that half a million more will be put
in this year.

ALUMINUM CABLE
CONTRACT AWARDED
NORTHERN SUPPLY
There was a letter from the firm of
Chipman and Powers, consulting en-
gineers, before this morning's meet-
ing of the city commissioners asking that
they be retained to what they call their
visit Edmonton as consulting en-
gineers. The communication was re-
ceived at the city hall at 10:30 a.m. Mr.
Chipman was appointed by the last ad-
ministration for a term of two years
at the price of \$24,000 per year. Mr.
Chipman has to give the city 20 days of
his time each year.
The contract for aluminum cable for
the street railway department was
awarded to the Northern Supply com-
pany at the price of \$23,835. Their
contract being \$13,843 lower than the
tender of Gorman, Clancy and Grind-
ley.

INSPECTOR OF
TREATY AIDS
MAKES JOURNEY
H. A. Conroy, Dominion inspector of
treaty aids, is in the city and leaves
today on his annual trip through the
north country paying treaty money. He
is a head, to the Indians, Mr. Conroy
who makes the trip under arrange-
ments, as to transportation, with the
Hudson's Bay company. First under-
take the journey in 1899.
He goes from here to Athabasca,
from there the inspector of treaty aids
will go north by water to House
River, and by pack trail to Fort
Chipewyan at the western end of Lake
Athabasca afterwards proceeding to
Fort du Lac, a Hudson's Bay post on
the north shore of the eastern arm of
the lake.

APPLICATIONS FOR
PLACES IN SUMMER
SCHOOL REACH 135
Applications from teachers of the
province for places in the summer
rates charged in eastern and western
Canada, this board emphatically pro-
tests against the discrimination which
will remain between rates ordered by
the commissioners for the carriage of
freight in western Canada and the
only rates for similar service in east-
ern Canada.

It is further felt that the Win-
nipeg board of trade reiterates the
position it has always taken, viz., that
no basis of freight rates will be fair,
just and equitable to the people of
western Canada, which permits
higher rates being charged for the
carriage of freight in western Canada
than is charged for like service in
eastern Canada (except in so far
as cost of performing the service may
be greater), and the board repeat-
edly urges the government of Canada
to effect such a change on the Railway
act, as the present contemplated re-
vision of the act is made, as will
embody the principle of equality which
this board has always advocated and
maintained.

Mr. Fisher said today that if the
railway commission would accede to
the request of the Winnipeg board
of trade that "it would put the west out
of business," as some of the rates of
commodities which form the bulk of
western traffic, such as wheat and
cattle, are now very much lower than
the rates on the same commodities in
the east.

"If we had the same rates on wheat,"
he stated, "as they have in the east,
our farmers would get about 30 cents a
bushel at their nearest stations."

When informed that the Winnipeg
board had passed the resolution unani-
mously and that the railway had ad-
mitted that it cost less to build and
maintain railways in the west than the
east, Mr. Fisher stated that he thought
almost any board in the country would
also pass such a resolution unanimously
but it might not, at the same time, be
in their best interests. He also stated
that the commission had taken 150
pages to explain why different basis
was adopted in determining eastern
and western freight rates.

"If the rates in the west were the
minimum that the C. P. R. would
stand," he added, "the two new roads
would become bankrupts."

"Doesn't that mean that the C. P. R.
is making abnormal profits as long as
the rates are high enough to make
any profit for the other two?"

"Well, it may, and I believe the whole
thing will probably be nearer the
truth when the government will open
the railways. The government has
already more than paid for the roads."

"A little item recently published seems
to fit into the situation exactly. It
can be followed:
"The government will not own the
C. N. R. It will only pay for it."

London, May 18.—The King and
Queen and Prince of Wales motored to
Aldershot to spend five days with the
troops.

WILL HAVE UNION LABEL ON THEM

Tip Top Tailors Secure the Contract for Uniforms of Employees on the Civic Car Lines.

It will be pleasing news for union men to learn that for the first time in the awarding of a contract for civic uniforms has been given to a union firm. It will be remembered that Controller Simpson put up a strenuous battle in the Board of Control and before the City Council to have all work of this nature given to firms that could put the union label upon it. Ald. Robinson, of the Street Railway Employees' union, is another representative that can always be depended upon to stand behind the fair emblem, and both of them forced the question to a vote and compelled their colleagues to declare where they stood in regard to it. The city's legal expert has somewhere or other acquired the curious idea (they are not bothered with that bug in some municipalities in Canada) that it is illegal to stipulate in asking for civic uniforms that the union label shall be on the goods.

Well, we will let it go at that, under the circumstances, but we are pleased all the same to see that in awarding the contract for the uniforms of the motor-men and conductors on the civic car lines, the Tip Top Tailors, a union firm, was selected. This is the first time in years that a union shop has received any consideration whatever. It will be a good idea for union men to paste this under the crown of their hats. Perhaps there's a reason why the union label came over this time. Just figure it out for yourself.—Extract from Industrial Banner, May 14th.

BRIEF PERIOD OF LIBERTY FOR 24 LABOR LEADERS

Chicago, May 18.—The 24 labor leaders sentenced in the "dynamiting cases" who are at liberty on bonds, have but three more weeks of liberty. The United States circuit court of appeals Saturday ordered them to surrender on June 10 to the warden of the federal prison at Leavenworth, Kansas, or be taken to the penitentiary from Chicago on that day.

Only a pardon from President Wilson now can save the convicted men from serving their sentences, which range from one to six years.

The court also took under advisement the cases of Glad Tiedeman of Chicago, and Wm. Bernhardt of Cincinnati. These three men were granted new trials, and arguments were made today on the government's petition for the rescinding of their cases and reinstatement of the lower court's conviction.

CITIES CANNOT EXACT LICENSE FEES FROM PICTURE HOUSES

Lethbridge, Alta., May 18.—A decision of interest to the province generally as to the validity of a city bylaw enforcing the payment of a license fee of \$100 on moving picture houses was rendered by Mr. Justice Beck, presiding at the supreme court civil sessions on Saturday.

The case was a test submitted by the city solicitor, Wm. J. Wilson, manager of the Sherman theatre, had refused to pay the city license on the ground that he had already paid a provincial license. His lordship held that the theatre act passed by the provincial legislature in 1912 providing for the licensing of moving pictures and the subsequent order in council in November 1912, as to payment of license placed the city bylaw passed according to the charter in September 1912 in conflict with the provincial law. Therefore the bylaw could not be lawfully enforced.

PRINCE TELLS WOMEN OF FRANCE FOLLOW THOSE OF AMERICA

Paris, May 18.—"Follow the example of American women," was the advice given by the prince of Monaco to the French suffragettes through the woman lawyer, Agathe Dyraide, this week.

"When I was in America recently," he added, "I was astounded at the progress of the suffrage movement and the way it had transformed the life of cities."

What women have done in forwarding the sale of alcohol in certain states is real progress," he intended to give the women of Monaco the vote the moment the first opportunity arises."

TOURING AMERICAN CAPITALISTS WILL COME TO EDMONTON

Winnipeg, May 18.—A party of five capitalists from the United States arrived here Saturday, the majority of the party coming from Milwaukee. A special train had been chartered on the C.N.R. and accompanied by A. R. Davidson, land commissioner of the C.N.R., Sanford Evans, R. T. Riley, C. W. Rowley and R. F. McWilliams, the entire party left at 4:30. The itinerary takes in all the important points of western Canada, including Toronto, Montreal, where the party spent yesterday; Saskatoon, which will be reached tomorrow morning; Calgary, Edmonton and Athabasca, while on the return trip a stop will be made at Regina.

Churchill an Aviator

London, May 18.—Winston Spencer Churchill, first lord of the admiralty, today topped the loop six times over Grosvenor park in a monoplane driven by Stanley Harker, the English aviator.

Swiss make combination suits for women. They are of elastic ribbed knit, exceptionally soft cotton—high neck and long sleeves. Regular \$1.50 per suit, Tuesday \$1.00

The Biggest Lot of Men's Suits We Have Ever Placed on Sale At One Time Will Be Here For You Tuesday in a Mighty Merchandising Event at \$7.50

Come down tonight and see these suits displayed in our windows—then come here tomorrow at 8.30, or as early as you can, and see the enormous piles, more than we have ever shown you before in one lot. Examine them closely, try them on and see how they fit. Observe the patterns and the tailoring and you will surely agree with us that there are no better suits to be had in Edmonton at \$10 and \$12. In fact the only reason why we bought this large quantity is because we got them at a big discount from a manufacturer who was overstocked. There are greys, tans and browns; all sizes from 35 to 44. Your choice Tuesday at \$7.50

Special Purchase of Women's Skirts Offered at Very Unusual Prices

In a special purchase at a considerable price concession we secured a quantity of the smartest skirts we have shown this season. They will be on sale here Tuesday at prices that will again emphasize the superiority of Ramsey merchandising.

One group consists of women's and misses' handsome skirts of fine woolen fabrics in the stylish black and white check patterns. They are in regular top style trimmed with corded black silk buttons, and have small vent, just deep enough to make walking easy. A real bargain price, each \$2.50

Then there is a collection of exceedingly smart skirts in a half dozen different beautiful fabrics, including black and white checks, tan and white striped raitines and other popular effects. Tunic effects, two-tier effects and other swell models. Real high class skirts on sale at the moderate price of \$5.50

Petticoats Priced Low

Women's Underskirts, made of good wearing satin of a lovely soft texture; jockey, corset, ivory tan, pink, sky, old rose and black. A splendid value at \$1.50

Women's Mervatuf Underskirts

A good wearing material with a rich silk appearance, black and brown. Have accordion pleated bottom. A quality that cannot be excelled for the price. Each \$1.00

DAVY GIBBONS LEAVES TO JOIN TORONTO.

MUSICAL FESTIVAL BEGINS TOMORROW

Competitions Will Take Place in First Presbyterian Church Concerts Wednesday and Thursday in McDougall.

C. E. K. COX.

The seventh annual musical festival of Alberta which opens tomorrow morning at 8 o'clock in the First Presbyterian church has attracted a great many entries from all parts of the province and bids fair to be the most successful event of its kind ever held in the province.

The adjudicators, Dr. Voet, arrived in the city last evening and is a guest at the Corona hotel, and Mr. Hewitt is expected to arrive from Calgary on this afternoon's train, and while here will be the guest of Mr. and Mrs. Truesdale, Lemarchand Mansions.

One of the chief events of the festival will be the singing of "The Crusader" by the festival chorus, with orchestral accompaniment under the direction of Major Watts. This work of the composer (Lido), is too well known among musicians and public to need extended comment. "The Ed King's Daughter" is another opera by the same composer which is also a great favorite.

It is estimated that approximately 175 voices will be heard in the chorus of "The Crusaders" and 65 orchestra pieces.

Mrs. Beatrice Crawford and Mr. Herbert Wild have been appointed the official adjudicators.

Regarding the governor's cup which it was first intended should be awarded to the person or persons making the highest number of marks and giving the most artistic performance. During the past two years the adjudicators have awarded this cup to the body of singers making the highest score in place of the individual after making the highest score. Two years ago Miss Flo Landown and Mr. Frank Landown in a contralto and baritone competition.

The adjudicators, however, awarded the governor's cup to all Saints male chorus. This year his honor, the governor has asked this his intention in regard to the cup should be carried out to the letter, and the person in the competitions receiving the highest number of marks in any one class shall receive the cup without further reference to him.

The following is a list of the entered classes in competitions for the different days:

Class I.—Strathcona Choral Society, Edmonton Choral Union.

Class II. (a)—McDonald, All Saints, First Presbyterian.

Class II. (b)—Metropolitan Methodist, St. Paul, Holy Trinity, Westminster.

RED SOX HAND QUAKERS DOUBLE BEATING AND OVERTAKE ESKIMOS

Regina Played High-Class Ball and Allowed Saskatoon Only One Run in Two Games—Cadreau Was Hit Hard, While Rhoads for Regina Pitched Great Ball.

Saskatoon, May 18.—The Regina Red Sox took both ends of a double header here Saturday and played real baseball throughout the 16 innings. It was a complete reversal of form on the part of the visitors, and the second game, which resulted in a shutout 5 to 0, was a surprise to many.

Umpire Colgate's Troubles.
Ryan pitched the first game, making his third appearance during the series, having replaced others on the previous days. Kallio started for the Red Sox in the first game, and while pitching good ball, was unsteady. The hits were even, but the majority of errors went to the Sox, but they were at times when they were not at all dangerous. Umpire Colgate had an off day during the four hours, Regina being the first innings after scored one run while he was out. He was hit by a four hit and a pause gave them five more in the ninth. Walters for the

locals hit in the second, and after being sacrificed on his way, scored on Miller's hit, making the only tally of the game.

Pitcher Cadreau Was Off.
Chief Cadreau made his debut for this season in the second, but was outclassed by Rhoads, who made his first appearance on the mound for Regina. Only three hits were gathered off the latter, while Cadreau allowed eight, among which was a double, a triple and a home run, the latter being made by Herriest the eighth. This game was a shutout of the first order, the score being 5 to 0. About 3,500 saw the game. Score by innings:

First game— R. H. E.
Saskatoon..... 001 000 000—1 7 1
Regina..... 100 000 000—4 7 2
Batteries—Kallio and Walters; Ryan and Rhoads.
Second game— R. H. E.
Regina..... 100 020 020—5 8 3
Saskatoon..... 000 000 000—0 3 2
Batteries—Rhoads and Ryan; Cadreau and Walters.

NORTH SIDE WON LACROSSE GAME

Fine Exhibition of National Game at Diamond Park.

Canada's national game, lacrosse, was ushered into Edmonton on Saturday with the first senior game of the season between the North side and South side at Diamond park. For his part two months lacrosse has been on the boom in Edmonton, juveniles, juniors, intermediates and seniors alike, turning out in large numbers to try their hand at the old-time game. The senior teams have been practicing steadily for the last six weeks in preparation for Saturday's match, and the brand of lacrosse played here proves that there is good and sufficient quantity of high class senior players in the city for two or three teams, and the pick of these teams could be chosen to compete with a team sufficiently strong to make up any of the amateur teams in Canada.

Saturday's game resulted in a win for the North side by the score 11 to 7. The game was played in three periods of fifteen minutes each. South side started with a rush and had scored two goals in short order, but the North team came right back and before the period was up had overcome the lead and from then on never headed. Good clean lacrosse was played right through. Bill Hanley, one of the best known old-time lacrosse players in Canada, refereed the match. There are many men on the teams new to the game, and the North (11)—Steele, Madill, Young, McKenna, Carmichael, Parsons, Haymond, Hooper, Douglas, Oliver, Groulx, Ellis.

South side (7)—Loney, P. Woods, Coulson, H. Woods, Hunsman, Armstrong, Skelton, Ramsay, Russell, Sommer, Stanley, Rooney, Marshall, Glass.

Callies Won From C. P. R.
In a senior soccer game Saturday at the old exhibition grounds the Alberta champions, Callies defeated the C.P.R. 11, its goals in full. Following were the lineups:
C.P.R.—Goal, M. Kieron; backs, Baldwin and Pratt; half-backs, Tompkins, Mason and Butler; forwards, Peattie, Fetherbridge, Robson, Kirten and Porter.
Callies—Goal, K. Orr; backs, J. Kinsman and W. McIntosh; half backs, McPherson, Hilsland and Cowan; forwards, Thompson, MacKie, Tweedie, Dichte and W. Davidson.

B. C. Lacrosse Game.
New Westminster, May 18.—In the first match of the Pacific Coast amateur lacrosse series, the Vancouver Athletic club's twelve, holders of the Mann cup, were beaten here on Saturday by a score of 5 to 0. "Dad" Turner, all three, and promise to give Vancouver a close run for honors this season. There were many new men on the Vancouver line-up, not one member of the team which won the cup in 1911 being in the line-up.

MILLERS AND HATTERS BREAK EVEN SATURDAY

Good Baseball Featured Both Games at Medicine Hat—Miller's New Player.

Medicine Hat, May 18.—Medicine Hat and Moose Jaw split on two sterling diamond battles on Saturday. The first went to the locals 2 to 1 after 11 innings of hard fought baseball, featured with the pitching of Martin and Harrah, and both supported by the best fielding game witnessed here this season.

The second game went to the visitors, 5 to 1. It was also a good game, though errors by the locals were harmful to the brand of ball, though did not figure in the scoring.

Up to the sixth in the first game nothing side, in fact, but one or two balls, flies or hits had reached the outfield. Seaton, the first muller up in the sixth, got first when Morse lost the ball in the sun. He was sacrificed to second, Jarrett Lorenz and Price who followed each found, Martin for a single which put over the first tally. The locals tied it up in the eighth. Carries double, with one out and Blais' long single sent him home. In the eleventh with one down, Dunn batting for Buckles, beat out a bunt and Deal repeated, Whaling hit a long sacrifice fly and Dunn came home. Buckles had a bad inning in the first of the second game, but his curves and the Millers hit him for four napes, three runs. Then he tightened up, striking out the only three who faced him in the second. He outpitched Jarrett, but errors behind him and poor base running by the batters proved costly. Walby from the western league joined the Millers and caught the second game. On his first trip to the plate he secured a triple.

Score:
First game— 000 000 010 012 2-5-2
Moose Jaw..... 000 001 000 010 1-9-3
Medicine Hat..... 000 000 100 1-9-5
Second game— 000 000 100 1-9-5
Moose Jaw..... 000 100 100 5-8-9
Buckles and Barlett; Jarrett and Walby.

Oliver	25	15
A. Garbo	25	21
J. M. McAfee	25	19
A. F. Dreger	50	19

FAST TIME MADE WILD'S CUP RACE

Schroeter With 3:45 Minutes Handicap Wins First Place in Long Jauit.

The Wild's cup race on Saturday brought out a field of seven runners, and time equaling the record for the race was made by Palmer of Calgary, running from scratch. The winner of the race turned up in one of the dark horses, Schroeter, with 3:45 minutes handicap. Schroeter ran a good race, but was practically "all in" at the finish. Charlie Stuart, with 2:30 minutes handicap, made second place, and Blith, with 3:30 minutes handicap, finished third. Blith was a winner of the cup last year, and Saturday ran the last mile along with Stuart, but was beaten out in the last long sprint down First street. Drumm, with 1:30 handicap, ran fourth, and made the second fastest time in the race. Palmer, the Calgary runner, who has a record of 26.06 for five miles, finished in fifth place, and made the fastest time for the route, 28.28 minutes. Sixth place was taken by Beauchamp with three minutes handicap, and seventh by Carthens with 4:45 minutes handicap. Following are the handicaps and actual times made by the runners:

1—Schroeter, 3:45—30.28.
2—Stuart, 2:30—29.29.
3—Blith, 3:30—30.46.
4—Drumm, 1:30—29.56.
5—Palmer, scratch—28.28.
6—Beauchamp, 2:00—33.77.
7—Carthens, 4:45—34.60.

Medicine Hat Bench Show.
The first annual bench show of the Medicine Hat Kennel Club will be held on Tuesday, Wednesday and Thursday, July 7th, 8th and 9th. Entries close on Saturday, June 27th. Premium lists and entry forms will be forwarded to fanciers on receipt of card with name and address, by W. O. Clare Porter, Secretary, 322 12th street E.E. Medicine Hat, Alberta.

The Wasp's Wins Jump.
Ottawa, May 18.—The fourth annual horse show of Ottawa was brought to a close Saturday night with the high jumping competition. The Wasp owned by Captain J. W. Sifton, Ottawa, captured the championship, jumping seven feet, four inches.

Moran in Moran.
Paris, May 18.—Frank Moran, the Pittsburgh pugilist, arrived here yesterday and was met by a number of sportsmen. He went immediately to Butray, where he will train for his fight with Jack Johnson on June 27.

ESKIMOS HIT BRONKS HARD IN AFTERNOON, BUT LOSE IN EVENING

Teams Broke Even in Saturday's Contests—Kesseling and Loomis Found For Many Hits—Walter Frink Pitched Good Ball in Evening Game, But Noryke Poked Out Long Hit That Scored Three Runs.

Calgary, May 18.—Calgary and Edmonton broke even on Saturday in the double header the Eskimos taking the afternoon contest by a score of 19 to 5 and the Bronchos the evening affair 7 to 2. In the afternoon the Eskimos chased Kesseling from the mound

after scoring seven runs in the first inning. Loomis fared but little better and Glage finished the game with but mediocre success. In the evening Walter Frink, except in the first inning, was stingy with hits and was particularly good when the Eskimos had him in a hole. In the first Noryke poked out a liner with three men on bases and scored all three. After that Frink was a conundrum only one more hit being allowed by him.

OIL IN BRONKVILLE

Latest reports from Calgary indicate that the Bronks baseball team is threatened with complete disintegration on account of the recent rash and turmoil over the discovery of oil in that district. It is almost impossible to get any of the ball players around for the scheduled games and they never put in an appearance on the diamond until the very last minute.

Their thoughts are not on baseball. They think of the drink oil, drink oil and eat oil. They use it on their hair and in their salad, and many of them have been right in back and have made money if, you fortunes. It is stated that Julie Strieb, the aged first sacker of the Bronks, has been heard up something like \$15,000 in the last four days, selling shares at \$200 which he bought at \$10 as a year ago. No wonder he can't play ball any more, he don't need to. Narry a hit did he get in the last four days. No wonder he was so jubilant he over his suddenly amassed fortune that he forgot to even swing at the ball.

And what did Larry Piper and Sammy Vivian do for that? Not a thing. Didn't get one, little, tiny hit. Not one. And for the same reason. Larry's cleaned up a big bunch of money in oil shares since last Thursday. The latest report is that one deal alone cleared him \$3,000, and no sooner had the other members of the team got wise to Larry's luck and that of their first baseman, than they all beat it for the nearest tall building on Eighth avenue, hunked up as oil stock brokers, slapped down their winter's savings and a month's salary besides, with instructions to buy up all the oil shares possible. And now it looks as if the whole Calgary team are about due to make a real clean up of the stock market in the southern brew.

Just think of this. These western Canada leaguers piling up money faster than they can count it, and all because they happen to be on the Calgary team. Just luck of course. They might have been on any other team on the circuit, but no, they were too lucky for that, it must be Calgary for theirs and all, because Larry Piper and Sammy Vivian have made a big stake it now proves every ball player on the circuit to try and catch a piece on the Calgary team. That's a fact. Since Friday morning Manager Devereaux has had no less than thirty-one applications for places on the team, and why? Just because they easy in the oil belt and it looks like easy money. The Eskimos took three out of four games played with the Bronks last week, and for no other reason than the Bronks were all scattered. They weren't playing baseball at all. They were playing the stock market and oil. The very air over the diamond smelled of oil. To them the home plate looked like an oil well, and the three bases looked like derricks. Every ball that left the pitcher's hand left its streak of oil behind it, and had a shoot like a gusher, and the laughter of the bats were slippery with oil. So it is any wonder the Eskimos took three games from them? Their thoughts were some forty or fifty miles south of Calgary, picturing scores on the oil field and shares in their pockets, while the Eskimos were calmly walking away with the game.

CHANGE IN DATES MANN CUP SERIES

No Game Will Be Played on May 25—Dates Now Stand May 23 and 26.

The Mann cup games will likely be played on May 23 and 26. Officials of the Vancouver Athletic club cup team made an effort to secure the grounds for the games on the afternoons of May 23 and 26, but owing to the fact that the Beavers will be busy with the Spokane Indians for two games on the holiday, Athletic park will not be available for lacrosse on Friday day. The Calgary Chicks, the challenging team, wants dates on May 25 and 27.

Arrangements were made, however, for the management of the baseball club and the Athletic club where by the cup games could be played on the Saturday and Tuesday following the Saturday match to be played immediately following the baseball game and the Tuesday match preceding the ball game. Calgary has been notified of this arrangement and will likely fall into line. The game for Saturday, May 22, is billed to start at 4:30 o'clock and the match on Tuesday, May 26, at 1:15 p.m.
